Dear WCTA Long Distance Co. Subscriber:

On May 25, 2005, Winnebago Cooperative Telephone Association (WCTA), the parent company of WCTA Long Distance Co., will assume direct responsibility for provision of your long distance telephone service, and WCTA Long Distance Co. will be dissolved -- subject to regulatory approval.

This change will not affect your rates at this time, there will be no carrier change charge, and there will be no interruption of service. Unfortunately, however, the rules of the Federal Communications Commission require that we lift any Preferred Carrier Freeze you may have in effect, and require that you affirmatively ask for reinstatement if that is your desire. To make the reinstatement process as easy as possible, we have included with this notice a form for your signature and a stamped, self addressed envelope to be returned to WCTA. We regret this inconvenience, but we are bound by federal regulations.

Service will be provided in accordance with the rates and terms contained in the Winnebago Cooperative Telephone Association Long Distance Division tariffs on file. Any subsequent changes will be in accordance with the Iowa Utilities Board and the Minnesota Public Utilities Commission rules and you will receive advance notification by mail.

Winnebago Cooperative Telephone Association will be responsible for any complaints you may have regarding services provided before or after May 25, 2005.

You have the right to select an alternative long distance carrier instead of Winnebago Cooperative Telephone Association.

If you have any questions regarding this notice, please call us toll-free at 1-800-592-6105.

Sincerely,

Terry Wegener
General Manager

Preferred Carrier Freeze:

Dear WCTA Long Distance Co. Subscriber:

At the request of any subscriber, WCTA will impose a preferred carrier freeze on a subscriber's account which prevents a change in the subscriber's preferred local or long distance provider unless the subscriber gives WCTA express consent. Separate freezes must be requested for local, intraLATA/intrastate long distance, interLATA/interstate long distance and international long distance. This service is provided to reduce the risk of "slamming" or other unauthorized changes of a subscriber's preferred carrier.

Once a freeze is imposed, subscribers will be unable to make changes in their preferred carriers unless they lift the freeze. To lift the freeze, subscribers must provide written or electronically signed authorizations stating their intent to lift the freeze. Alternatively, the freeze may be lifted on the subscriber's oral request in a three-way conference call in which WCTA will verify your identity.

Please reinstate my existing Preferred Carrier Freeze(s) as follows. I understand that I will be unable to change my Preferred Carrier unless I lift the freeze. I also understand there will be no charge for this reinstatement:

____ intraLATA/intrastate long distance

____ interLATA/interstate long distance

____ international long distance
